

## **FAR UV School Building**

**Project Summary:** The Santee-Lynches area has put together a project to use \$1,502,205.00 of CDBG-CV funding for a regional project supported by Clarendon, Kershaw, Lee and Sumter Counties. Additionally, Santee Lynches has collaborated with six School District Superintendents in our region: Clarendon, Kershaw, Lee and Sumter to execute one project. Our project will put FAR-UVC Light technology on to school buses which is 99.9% effective at killing pathogens. As a result of this light saturation all pathogens, whether airborne or surface bound, will be destroyed, helping our regional schools reopen and/or stay open. Technology provides an ongoing passive disinfection/decontamination.

**Grant Number:** CV

**Acronyms/Abbreviations:**

**CDBG** - Community Development Block Grants  
**DHEC** - SC Dept of Health and Environmental Controls  
**EDA** - US Economic Development Administration
